MiMedx Group, Inc. to Present at the 6th Annual Canaccord Genuity Cardiovascular, Aesthetics and Metabolic Disorders Conference

KENNESAW, Georgia, Thursday, December 1, 2011 (PR Newswire) – MiMedx Group, Inc. (OTCBB: MDXG), an integrated developer, manufacturer and marketer of patent protected regenerative biomaterials and bioimplants processed from human amniotic membrane, announced today that it will present at the 6th Annual Canaccord Genuity Cardiovascular, Aesthetics and Metabolic Disorders Conference in San Francisco, California. Parker H. "Pete" Petit, Chairman and CEO, William C. Taylor, President and COO and Michael J. Senken, Chief Financial Officer, are scheduled to present on Tuesday, December 6th, at 9:20 a.m. Pacific Time at the St. Regis Hotel in San Francisco. A webcast of this presentation will be available on the Company's website, www.mimedx.com.

About the Company

MiMedx[®] is an integrated developer, manufacturer and marketer of patent protected regenerative biomaterial products and bioimplants processed from human amniotic membrane. "*Innovations in Regenerative Biomaterials*" is the framework behind our mission to give physicians products and tissues to help the body heal itself. Our biomaterial platform technologies include the device technologies HydroFix[®] and CollaFix[®], and our tissue technologies, AmnioFix[®] and EpiFix[®]. Our tissue technologies, processed from the human amniotic membrane, utilize our proprietary Purion[®] process that was developed by our wholly-owned subsidiary, Surgical Biologics, to produce a safe, effective and minimally manipulated implant. Surgical Biologics is the leading supplier of amniotic tissue, having supplied over 35,000 implants to date to distributors and OEMs for application in the Ophthalmic, Orthopedics, Spine, Wound Care and Dental sectors of healthcare.
